DEPUTY COMMISSIONER'S OFFICE,

MYSORE DISTRICT.

Dated Mysore 26 December 1900
1st January 01:

From H Ramanujaraya Esqre
The Deputy Commissioner,
of the Mysore District

H Duncte
Clerk to bring
up Survey Nos refd
to Survey. 23
4/1/1901

To

~~The~~ H. Ramiah Esqr
Assistant Secretary to Government
in charge Local Boards Branch
Bangalore -

Sir,

I have the honor to State that certain dry fields belonging to one Sowcar Mohamm Sab of Mysore having an extent of 66 acres and 21 guntas situated in the marginally noted village of the Mysore Taluk were utilized for erecting Health Camps during the years 1898-1899, 1899-1900 and 1900-1901 when plague was virulent in the Mysore City, and the inhabitants were willing to Camp out

* Kyatabovinally
2. Kunabarhally
3. Mysore.

It is reported by the Amildar of Mysore that Rao Bahadur C Madiah the former Deputy Commissioner placed these

lands at the disposal of those who desired to evacuate the Town ~~and that~~ the said Sowcar with equal sympathy agreed to the lands being taken up for putting up Camps. But the terms under which lands was temporarily acquired were not fixed then

The Treasury Assistant Commissioner Mr C Venkata Rao who inspected the lands as required by me has reported that at this distance of time it is not possible to determine the exact area of lands used for putting up Sheds and that traces of them (Sheds) still remain on 9 Survey numbers and that the area taken up for the above purpose may approximately be put down at 31 acres and 4 guntas No crops appear to have been raised on the remaining area

Sowcar Mohadm Sab has now applied for Compensation both on account of the loss he sustained by readily making his lands available for hutting purposes whereby the whole

holding was allowed to lie fallow, and for filling up the several pits sunk in the course of the construction of the Health Shed.

The Treasury Assistant Commissioner and the Amildar are of opinion that the said fields in their present condition cannot be cultivated without incurring a large outlay.

The Amildar proposes that Rs 5/- per acre may be paid for restoring the status quo ante of the lands in question and 10/- Rs. per acre to compensate the Sowcar for the loss of crop. The latter rate seems to be the one at which other land holders whose fields were used for similar purposes have been paid.

Under these circumstances I beg to recommend that a Compensation at Rs 10/- per acre on the entire area for each of the years 1898-99 - 1899-1900 & 1900-1901 may be paid to Sowcar Mohadm Saib in addition to Rs 5/- per acre to be paid for levelling and making the fields fit for cultivation again. The total amount thus payable to the Sowcar

"

Wlc Corrc 6 No 2328 - 6 —

I request that early Government Sanction may be obtained for payment of Compensation to the Sowcar from Plaene Fund.

The entire Records Connected with this Case are herewith submitted for reference and Kind return.

I have the honor to be

Sir

Your most obedient Servant

H. Wallinger

Offg Deputy Commissioner

Enclosure 1

Letter by Land Settlement Officer

Bhs Camp No 210 94
21-9-01

W 3299
5/10/01

I inspected the lands in question with the Amildar on Monday last the fifty-seven Mohadam Pat being also present Almost all the dry, ~~wet~~ fields by the side of the road from the Tollgate (East) to the Akhalli bungalow belong to the petitioners Traces of bunds constructed during the last epidemic exist even now in more numbers It is not impossible to determine exactly the area of land taken up for bunding as it was done in an

offhand & careless manner during
the prevalence of the plague in the
city & precincts so occupied were
left uncultivated as stated
by the petitioner. Pits have been
dug in several places to bury
the corpses in walls which remain to
this day in a dilapidated condition

Approximately the area of lands
hunted during the last outbreak
of plague may be estimated as
detailed below

Kyatheabanna halli	S.No. 67.	Area of land	Fully occupied by about 100 huts	
do	5-7	14-26	About 2 acres only hunted up	6 Shds
do	3 5-	5-1	do	20 huts
do	6 9	13-18	do	—
do	6 1	7 6	Fully occupied by 34 sheds	
do	~~8 4~~	13-- ~~8-14~~	1 Acre	20 Shds
Kurubarahalli	8 2	3-11	2 Acres	30 Shds
	8 3	5	2 Acres	50 Shds
	9 1	2-22	1 Acre	
	9 0	9 9	Fully occupied more or less	
	8 9	5 2	do	

Considering the loss claimed by the petitioner on the crop & the labor required for levelling & preparing the ground for future cultivation the amount of compensation recommended by the Amildar is not to much

All that the undersigned was doing in the matter was to pay Compensation amounts fixed by the Sanitary Authorities & presumably approved of by the Deputy's. The amounts so awarded as Compensation are recorded in the Chief Plague office.

In reference to the 4 queries in the Deputy Commissioner's docket noted above the undersigned has to state as below:

(1) The extent is not known to the undersigned. The Sanitary Authorities is aware of it.

(2) In the official years 1898-1899 & 1899-1900

(3) Exact conditions not having been prescribed to the undersigned no definite reply could be given.

(4) No Compensation was given as no instructions from the Deputy Commissioner or intimation from the Sanitary Authorities was received for that purpose. The papers on the subject last with the Deputy Commissioner's docket under reply are herewith returned.

Submitted to the Hearing Officer Commissioner

The use of the land
aforementioned is unfair
when plague was very
high people were in
hurry to camp out
and the petitioner,

lands were available and were suited for the purpose with his consent they were utilized for the purpose — It requires none to say that sheds were built apart from other handy allowing cultivation to take place in any vacant portion — They were in fact scattered — This was done by the people at the ~~request~~ suggestion of Rao Bahadur Mr Mandrik Saheb who placed these lands at the disposal of intending builders Mr Mahadev Sah was equally sympathetic, and he allowed sheds to be erected — There was no condition or understanding between him and the Government — The portions on which sheds were built were not levelled & mined walls & lots dug for each She

still remain neither pulled
down nor filled in — As they
are it is not possible to
cultivate the lands without
some labor and cost The
petitioner has attempted it
in the case of a portion of number
and has given it up. as
costly —

The question of
compensating him adequately
for the loss sustained by him
in the yield from the lands
and further present condition
of allowing no cultivation to
without some labor & cost should
engage the attention of the
authorities — It is a difficult
problem to fix the rate of
compensation payable for
each acre of land, which
should cover the loss in yield
and the cost of bringing the lands
to plough — In the case of
lands taken up for putting
up sheds temporarily during
the last plague season

the land holders were
paid Rs 10/ per acre
for dry field & even the
loss of yeild for that reason
I don't see why the same
should not be paid to
Mr Mohamed Sub thus
something to enable him
to bring the portions built
upon and dug to a state
of culture. It would not
be easy to estimate each
portion and I think it would
bring in a large outlay
if Mr Mohamed Sub is
proposed to be paid for each
I would propose in lieu
place a rate of Rs 5/ per
acre to meet all such
charges for the whole area
of the land in front of
& the portions built upon
or not. At that rate
the total amount for each year will come
to Rs 644/ Similar complaints
from other persons of the

the ruined walls & buildings
in their lands taken for the
sheds &c. not been removed
& the lands rendered fit for
cultivation have already
been received, and they
are awaiting orders.
If the present reference
which comes forward in
a large scale is adopted
the same will be applied
to other lands, and the whole
subject will thus receive a
prompt & speedy disposal
The favor of early orders
is solicited.
